

SINGLE DAY WORKSHOP SLOTS OPEN FOR REGISTRATION

18th September, 2026 (Friday)

09:00AM - 06:00PM

1

CROSS SECTIONAL IMAGING WORKSHOP

KEY HIGHLIGHTS

International faculty from
MD Anderson, Mayo Clinic,
Verona, Riga Stradins University.

Hands on experience
(30 high end workstations).

2

IMAGE GUIDED INTERVENTION WORKSHOP

KEY HIGHLIGHTS

Leading experts in Interventional
Oncology.

Basic and advanced sessions including
breast interventions, biopsy, drainages,
ablations, TACE and TARE.

Hands on Sessions for Breast
interventions, Biopsy and Ablation.

REGISTRATION FEE

₹6,500/-

DISCOUNTED REGISTRATION FEE FOR POST GRADUATES

₹3,000/-

Day 1: 18th September, 2026 (Friday)

Hall A - Cross-Section Imaging Workshop

08:00AM Onwards	Registration & Breakfast	
09:00AM - 10:15AM	Head & Neck Cancers - Technique / Staging / Restaging / Response Assessment	
09:00AM - 10:15AM	Head & Neck Cancers	Dr. Madhavi K Dr. Saugata Sen
10:15AM - 10:30AM	Coffee/Tea Break	
10:30AM - 12:30PM	LI-RADS / Liver Tumors / Pancreatic & Biliary Tumors	
10:30AM - 11:30AM	Pancreatic & Biliary Tumors	Prof. Dr. Giulia Zamboni
11:30AM - 12:30PM	LI-RADS / Liver Tumors	Prof. Dr. Sudhakar Venkatesh
12:30PM - 01:30PM	Lunch	
01:30PM - 03:30PM	Prostate MRI & Renal Tumors	
01:30PM - 02:30PM	Prostate MRI	Dr. Tharkeshwara Bathla
02:30PM - 03:30PM	Renal Tumors	Dr. Srinivasa Prasad
03:30PM - 04:15PM	PET CT and MR PET Workshop	
03:30PM - 03:50PM	PET CT Reporting Essentials	Dr. Shivakumar Swamy S
03:50PM - 04:10PM	MR PET Essentials	Dr. Pawan G. Shinkar
04:10PM - 04:15PM	Q&A	
04:15PM - 05:45PM	Rectal Cancer – Technique / Staging / Restaging / Response Assessment	
04:15PM - 05:45PM		Prof. Maija Radzina Dr. Ajay Morani Dr. Sudhir Kale

Day 1: 18th September, 2026 (Friday)

Hall B - Image Guided Intervention Workshop

Workshop Conveners - Dr. Madhu S D, Dr. Rupa Ananthasivan and Dr. Sudhakar S

Morning Session 09:00AM to 01:00PM

Table 1	Ablation	
	RFA (Radiofrequency Ablation) – Planning and Track Ablation Protocols	
	Microwave Ablation – Zone Calculation and Antenna Positioning Physics	Dr. Madhu S D
	Cryoablation – Ice-Ball Visualization Parameters and Monitoring	Dr. Vidya Bhargavi
		Dr. Indusekhar Subbanna

Table 2	Breast Interventions	
	Biopsy – Advanced Core Needle Techniques and Precision Targeting	
	Wire Localization – Pre-Surgical Optimization and Localization Frameworks	Dr. Rupa Ananthasivan
	Marker Placement – Post-Biopsy Clip Deployment and Pre-Neoadjuvant Mapping	Dr. Sagar S
	VAB (Vacuum-Assisted Biopsy) – Hands-on Applications, Therapeutic Indications, and Troubleshooting	

Table 3	Biopsy and Drainages	
	Biopsy – Safe Access Pathways for Deep Visceral Masses	
	PCN – Percutaneous Nephrostomy Setup, Tracking, and Clinical Execution	Dr. Pankaj Sharma
	PTBD – Percutaneous Transhepatic Biliary Drainage Execution and Troubleshooting	Dr. Rajesh Helavar
	Drainage of Collection / Abscess – Catheter Selection, Placement Strategies, and Long-Term Drainage Care	Dr. Govindarajan M J
		Dr. Benjamin Mathew

Table 4	TACE & TARE	
	Pre-Operative Embolization – Flow Reduction in Hypervascular Tumors and Emergency Embolization of Acute Bleeders	Dr. M. C. Uthappa
	TACE / TARE – Transarterial Chemoembolization and Transarterial Radioembolization Endpoints, Patient Selection, and Dosimetric Protocols	Dr. Indusekhar Subbanna

01:00PM - 02:00PM	Lunch Session	
01:00PM - 01:30PM	Seven Sweep of Neck Ultrasound	Dr. Pankaj Sharma
01:30PM - 02:00PM	Introduction to Cheek Ultrasound	Dr. Santosh Patil

Post Lunch Session 02:00PM to 06:00PM

Table 1	Ablation	
	RFA (Radiofrequency Ablation) – Planning and Track Ablation Protocols	Dr. Vidya Bhargavi
	Microwave Ablation – Zone Calculation and Antenna Positioning Physics	Dr. Dheeraj Shyam
	Cryoablation – Ice-Ball Visualization Parameters and Monitoring	Dr. Jeevitesh Khoda

Table 2	Breast Interventions	
	Biopsy – Advanced Core Needle Techniques and Precision Targeting	
	Wire Localization – Pre-Surgical Optimization and Localization Frameworks	Dr. Sudhakar Sampangi
	Marker Placement – Post-Biopsy Clip Deployment and Pre-Neoadjuvant Mapping	Dr. Mariam Fathimeh
	VAB (Vacuum-Assisted Biopsy) – Hands-on Applications, Therapeutic Indications, and Troubleshooting	

Table 3	Biopsy and Drainages	
	Biopsy – Safe Access Pathways for Deep Visceral Masses	
	PCN – Percutaneous Nephrostomy Setup, Tracking, and Clinical Execution	Prof. Dr. Chander Mohan
	PTBD – Percutaneous Transhepatic Biliary Drainage Execution and Troubleshooting	Dr. Binoy Choudhary
	Drainage of Collection / Abscess – Catheter Selection, Placement Strategies, and Long-Term Drainage Care	Dr. Vijay H V
		Dr. Shakeebuddin Kashif

Table 4	TACE & TARE	
	Pre-Operative Embolization – Flow Reduction in Hypervascular Tumors and Emergency Embolization of Acute Bleeders	Dr. Rohit Madhrukar
	TACE / TARE – Transarterial Chemoembolization and Transarterial Radioembolization Endpoints, Patient Selection, and Dosimetric Protocols	Dr. Madhu S D
